Internal Pipe Joint Seal Model Range | Reliance Trenchless

Source of truth: https://reliancetrenchless.com/products/internal-pipe-seal

RFQ checklist (Google Doc): https://docs.google.com/document/d/1APRNWB11bXc3pt3YQtXADyC1z6ZVz3ACC7Aek0oNisQ/edit?usp=sharing

Measurement guide: https://reliancetrenchless.com/resources/internal-pipe-joint-seals-measurement-guide

Contact: https://reliancetrenchless.com/contact · sales@reliancetrenchless.com

How to use: Measure internal diameter at the joint before selecting a WW/DW model. Model name numbers do not replace measured ID. Not Instant-Lock sleeves; not factory built-in socket seals.

Published span DN150–4000. Confirm materials, pressure, and delivery with Reliance per project.
